

Child Development – Helpful hints for revision.

You are studying the AQA GCSE Home Economics: Child Development course. You can find all of the information you need to know on the AQA website using the following link:

<http://www.aqa.org.uk/subjects/home-economics/gcse/home-economics-child-development-4580>

On the website you will find a copy of the specification and any past exam papers (look to the right of the page).

For the exam you can be tested on ANY of the sections we have covered during Year 9 and Year 11:

3.1. Parenthood

3.2. Pregnancy

3.3. Diet, Health and care of the child

3.4 Development of the child

3.5 Support for the parent and child

This exam is worth 40% of your final grade. Remember you have already gained 60% through the two pieces of Controlled Assessment you have done in Year 10. You know how many marks you need now for each grade. As I have said in lesson, please don't throw away the chance of gaining the best grade you can because you haven't taken the time to revise.

Revision guides:

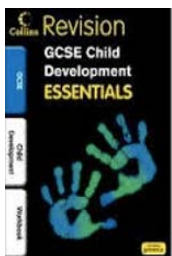

Collins revision guide.

Publisher: Letts (24th March 2009)

ISBN: 1906415617

Price: £5.99

There is also a fantastic workbook to go with it, that I would really recommend.

Collins workbook

Publisher: Letts

ISBN: 1906515625

Price: £5.99

Revision websites

I am afraid there are very few, which is why I recommend the workbook above. One good one is:

<https://getrevising.co.uk/revision-notes/child-development-5>
