9th October 2018

Dear Parent/Carer

Your son/daughter has been identified as part of the gifted and talented group within Physical Education. Gifted in PE means that a student is able to turn their hand to any sporting activity and gain success. Talented means they have a particular strength in a specific sporting activity.

In order to develop students' abilities further we are offering a programme of master classes and trips that will support them in all aspects of sporting performance. As well as the physical skills they have shown to be selected for this group, we are looking at developing social, thinking and creative skills that will enhance the way they participate and compete. This will be starting this term and will continue half termly throughout the year. The first master class for gifted and talented students in PE will take place on **Monday 15th October** after school, the focus on which will be on creativity. Further sessions for your diary will occur on the following dates and will start after school and finish at 5:30pm.

Thursday 15th November – Sports Psychology

Thursday 10th January – Decision Making

Wednesday 8th May – Leadership

As part of this scheme, it is our intention that students will gain a qualification in sports leadership and be offered an exclusive place on a trip to see an elite level sporting competition later in the year. This trip will be only offered to those who commit to participation in this programme. Please sign and return the reply slip below to acknowledge you have received this letter and confirm that you are willing for your son/daughter to participate in the G&T in PE programme.

Yours faithfully

Mr Hogarth
