

## Home-Academy Agreement

The Academy strives to offer a creative and innovative culture that provides a learning environment where every young person is encouraged to set goals for the future which are challenging and aspirational. There is a real commitment to provide equal opportunities and foster an atmosphere in which students develop self confidence, know they are valued and that their individuality is celebrated. We expect students to take responsibility for their own learning as well as having an awareness of themselves and those around them.

Staff aim to work with parents to develop students both academically and in terms of personal growth. We are dedicated to offering the highest quality learning in an environment conducive to learning so that students are determined to be the best that they can be.
