Dear Parent/Carer

**RE: SCIENCE INTERVENTION AND REVISION SESSIONS**

We are currently offering after school science intervention and revision sessions as highlighted below which are designed to support your son/daughter to make the maximum progress possible in order that they fulfil their full potential in their final summer science exams. There are three sessions which are open sessions available to all students and also three sessions which will be by invite only. The invite only sessions target students who have fallen behind their minimum expected grade as highlighted from their mock results and data analysis and have areas or topics that need development.

If your son or daughter is invited to these sessions, you will be sent a text from the school and their teachers will also speak to them in lessons to remind them of and invite them to the sessions.

I would strongly recommend that they attend as many sessions as possible and I hope that you will support your son/daughter and the science department by actively encouraging them to do so.

WHEN	WHAT – BY INVITATION ONLY	WHO
Mondays	Physics invitational sessions	11H and 11A (Foundation)
Mondays	Chemistry invitational sessions	11H and 11A (Foundation)
Tuesdays	Biology, Chemistry and Physics sessions	11T and 11N (Higher)

WHEN	WHAT	WHO
Mondays, Tuesdays and Wednesdays	Open intervention and revision sessions on all three science subjects.	<b>Open to all students</b>

Yours sincerely

**Mr B Delve**  
**Acting Head of Science Faculty**
